Our School Vision

Learn, Grow and Aspire 7 R J H W K H

A mess age from Miss Woodward

The children have all settled extremely well into their new routines and are a credit to you. The children continue to come into school keen and eager to learn. The children have really enjoyed being back in the hall for their key stage assemblies. Our assemblies this half term will focus on our school virtues:

TRUST, KINDESS & SELF BELIEF

Please ask your children about our virtues and why they are important.

Have a lovely weekend Miss Woodward

Our School Development Targets 2021-2022

It is important that our school constantly strives to be the best that it can be. Our children deserve the highest standards and best provision to enable them to achieve beyond their expectations. Continuous school improvement lies at the heart of this aim. It is important that our school does not stand still. We have strong processes for monitoring and self- evaluation which drive improvement. This year we will be sharing with you our school development targets with you and the impact of our actions. Our first two targets focus on:

- 1. Attendance
- 2. Reading

Attendance: Last year our whole school attendance figure was 91.87%.

Reading: Following two academic years of extended school closures there KDV EHHQ DQ LPSDFW RQ RXU FKLOGUHQ¶V SU be starting our new phonics program and promoting our whole school ethos of reading for pleasure , to help all of our children become fluent and confident readers.

We look forward to working with you on our targets.

Morning Arrival

We are delighted with how well our morning arrangements are going. It is great that the children are in their class line at **8.40am**, this means they are all settled in class and ready to start their learning at 8.50am.

We would just like to make a few tweaks. Please can we ask parents/carers to wait in the Mugga with their children. Once your child is in the line with their teacher, please can you leave the playground promptly to avoid congestion and help with our Covid 19 risk assessment.

Thank you for ongoing support.
