### A message from Mrs Robinson

*This week the children celebrated Safer Internet Day 2022 and took part in a range of activities. Safer Internet Day is a global campaign to promote the safe and responsible use of technology. Using the internet safely and positively is a key message that we promote in school and celebrating Safer Internet Day is a great opportunity for us to re-emphasise the online safety messages we deliver throughout the year. We would be delighted if you could join us in celebrating the day by continuing the conversations at home. We have attached a sheet with ideas for you to do at home. Online safety is an important issue which as a school we are committed to teaching our pupils about. If you have any concerns or questions about keeping your child safe online, please do get in touch with school.*

*Warm Wishes Mrs Robinson*

### Kindness: Random Acts

Random Acts of Kindness Week was set up in 1995 by the Random Acts of Kindness Foundation, as a way to celebrate the small things we do that can really make a difference. Whether it's playing with someone at breaktime, or planting a tree, there are so many things we can do to make the world a kinder place. Next week in school, we're inviting the children to take part in our five-day Kindness Challenge to celebration Random Acts of Kindness Week. Each day, they will be tasked with doing a specific kind activity and talking about how they felt when they did it. Not only will they be helping other people, they will also be helping themselves. The smallest actions can have a big impact, after all kindness is contagious.

**Kind Science!** Did you know that kindness improves our mental and physical health? Witnessing or participating in an act of kindness can reduce our stress levels, relieve pain, and make us so much happier! How great is that?
