

Cardboard Snook Project Information

Main Trail Information

The Snooks trail is a brand-new sculpture trail for York, set to guide people through York's cobbled streets and hidden gardens from March - April 2024 organised by Make It York with charity partner St Leonard's Hospice.

.Each sculpture id sponsored by a local business, who has been paired with an artist to create a bespoke design.

The trail will conclude in April 2024 with a final gathering of all the Snooks and highly anticipated auction event that will see proceeds supporting our project charity partner, St Leonards Hospice.

Cardboard Snook Project

This outreach strand is made possible by Aviva who have sponsored 100 cardboard, 3ft Snooks to distribute to schools and groups.

These can be brought to life before being displayed across the city as an extension to the main trail itself.

This is a free to take part side project for schools and groups, involving you in the trail, celebrating the Snooks in the city and supporting our Charity Partner St Leonard's Hospice in the process.

How the project works

If your school or group is interested in taking part you need to register your interest using our short online form here - [Cardboard Snook Registration](#)

Upon registration you will be sent the snook template to use as you see fit. Practise designs, run a design competition or however you want to facilitate the design period.

In time for World Book Day on the 7th March 2024 (our Snooks have a fondness for books after all) we will deliver your cardboard snook(s) to you, ready to be brought to life.

Various collection points will be made available to drop your completed Snook back to us by a designated date at the end of March and all Snooks distributed to pre determined locations across the city to stay until the charity auction date on May 9th 2024.

Why get involved?

The Snooks Trail is a brand new initiative for the city and we want to make this as impactful as possible.

The trail is an opportunity for residents and visitors to explore the city with a charity benefit at the heart.

This free outreach project is a chance for people to become a part of the trail, to get creative and put their stamp onto a Snook itself.

We want to involve the city in the Snooks Trail and releasing 100 smaller snooks to schools and groups is a fantastic way to do that!
