## Community and PTA

We are a PTA group of parents, friends and volunteers looking to create an accessible and flourishing school community.

We aim to raise much needed funds that improve our school, through buying equipment for classrooms, helping to fund educational trips for each year group, and enhancing the school experience for everyone.

We also put on social events bringing the whole school community together for fun new experiences, support and friendship. Our Facebook group is a good source of information and connection for what's going on in school, as well as our wider community.
