Around school this week!

PEOPLE WHO HELP US

This week in Tiny Steps they have been looking at all of the different people that help us in society.

Some children made cards/ letters and posted them to their Mummy's and we have also baked bread.

RACQUETS CUBED

This week Micklegate finished their half term at 'Racquets Cubed'. This has been a great opportunity to combine STEM, Professional tennis coaching and nutrition in partnership with York St. John University.

SCIENCE

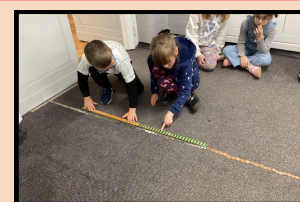

Fishergate worked together to predict which material was waterproof. They then tested each material and recorded the results.

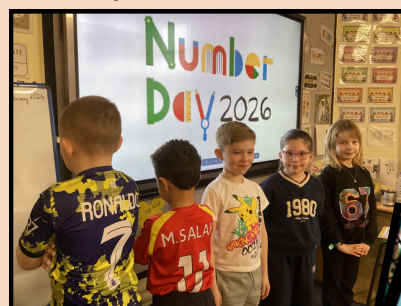

Finally they used the results to design a waterproof garment for Lila - the character in their class book.

NSPCC Number Day!

Today in school we celebrated NSPCC Number Day 2026! A nationwide, annual maths-focused fundraising event for schools and nurseries. We wore our most mathematical clothing, measured the coins we had collected and did some fun, practical math activities to raise money for Childline and other NSPCC services.

Additionally as part of the Number Day, many classes across school took part in the NSPCC Rocks competition. This was a nationwide competition for times tables. The children had 60 minutes of playing time to show just how amazing they were at their times tables!

Wellbeing in Mind Team

A quick reminder about the fantastic team of professionals we have in our school to support children with Mental Health and Wellbeing. I know they have also been supporting parents and we are very lucky to have them delivering some workshops for Mental Health next week!
